
COMPETITION

FameLab is an international science communication competition developed in 2004. Since 2022 Fame Lab is realized by Charles University. This year eight countries are going to compete during final in November: Czech Republic, Great Britain, Germany, Switzerland, Italy, South Africa, Thailand and Malaysia.

FameLab is a stand-up competition when a contestant has three minutes to explain his/her scientific phenomena in an understandable and amusing way.

Feel you want to try it?! Read more!
