<b>25 October 2022</b>	International MASTERCLASS training
<b>25 November 2022</b>	International Final

## What is it all about?

FameLab is a competitive show where each speaker has only three minutes to present their research in an engaging way without the help of an electronic presentation.

### Why should I see it?

FameLab has a long-standing reputation. It is one of the oldest science shows in our country. The quality of the competition is protected by a British licence. Well-known personalities participate as panel judges. Contestants know very well that they have to be skilful and entertaining to succeed.

### Can I participate?

Of course! The show is interactive. The winner is decided by everybody in the audience at the end of the performance.
